RE: Phone Call Documentation, Utah Building Stone, Grouse Creek Quarry,
M/003/031, Box Elder County, Utah

On July 22, 1996, Mr. William Bown of Utah Building Stone returned my call regarding their plans to address the non-compliance mitigation as outlined in the Division's June 18, 1996 letter. He left a 'voice mail' message that indicated that he had a lead on a blade that was designed for ripping roads, and that he would get on the task of doing the required reclamation as soon as possible. He indicated that it may be a couple days past the July 31 deadline. He also stated that he would not be able to post the interim bond.
